Subject: 20 November SSCI Hearing

Attached is the witness list for tomorrow's hearing.

Charlie Battaglia gave me a "heads up" on another question that may come up, and which may be directed to you:

"In the wake of the Walker case, the DoD stated it would reduce security clearances by some 10 percent, and the Secretary of the Navy stated he wanted to reduce the number of clearances within the Navy Department by 50 percent. What has the CIA and the IC Staff done in this regard?"

I've asked [REDACTED] to check with CIA's Office of Security and bring a one page response to the hearing tomorrow for your use.
